Santa Ana River Watershed Conference

21st Century Water Strategy:

*Working Together to Make
a Finite Resource Infinite*

*Convened by the Santa Ana Watershed Project Authority
and Coordinated by the Water Education Foundation*

May 25, 2017
Ontario Convention Center

Together We Can Achieve Our Goals

*Join us to discuss the importance of the
Santa Ana River Watershed and how,
through powerful partnerships, we can
find resilient solutions to improve the
quality and reliability of our water supply*

What will be discussed?

- ▶ Defining the 21st Century Water Strategy
- ▶ Mapping water use, making the watershed resilient
- ▶ Showcasing region's ambitious integrated projects
- ▶ Getting ready for Proposition 1 funding
- ▶ Serving underserved and disadvantaged communities

Sponsorship and exhibitor opportunities are available for this one-day conference with a wide array of benefits.

For more information on these opportunities, contact Beth Stern at the Water Education Foundation at bstern@watereducation.org or 916-444-6240.
