

Cabrillo Marine Aquarium
EDUCATOR WORKSHOPS

Made possible by
andeavor

Urban Communities to Coastal Oceans **Water Connects Us All**

Saturday, March 7th 9am - 3:30pm

at the Cabrillo Marine Aquarium: 3720 Stephen M. White Drive, San Pedro

Explore our influence on the water, and ecosystems along the watershed, as it leads to the coast. We'll explore Project WET, CA Coastal Commission activities, and visit the Salinas de San Pedro Saltmarsh to look at current and future impacts on climate on our ecosystems.

**** Come early to join an Urban Tides Walk along the beach; learn about impacts of sea level rise, our changing shoreline and how you can contribute photo data to help in planning for the future: 7 am – 8:30 am**

Lunch and parking provided for all pre-registered teachers

Free to Attend ~ RSVP Required

To RSVP link, please email teacher.workshop@cmaqua.org
