

# Cosumnes River Floodplain Ecology Institute

## June 18-20, 2019 and December 7, 2019

**Registration is Filling Fast and Closes Friday, May 31, 2019**

K-12 educators join us this summer for the Floodplain Ecology Institute to enhance your knowledge, skills, and tools to engage students. Our local environment becomes the integrating context for learning about interrelationships between Earth systems, ecosystems interrelationships, and human interactions with the natural world.

**\*FREE for K-12 educators**

**\*Receive \$200 for classroom materials after December 7 (if attended all 4 days)**

**\*Two CEU units available for purchase CSU Chico\***

- Field Studies to regional floodplains with biologists and engineers
- Curriculum resources for teaching NGSS, Common Core ELA and history/ social science in the context of current water issues
- Planning time with grade band peers to translate your learning to the classroom
- Project WET 2.0 (Water Education for Teachers)
- EEI (Environmental Education Initiative)
