

# 2019 Floodplains and Delta Ecology Institute

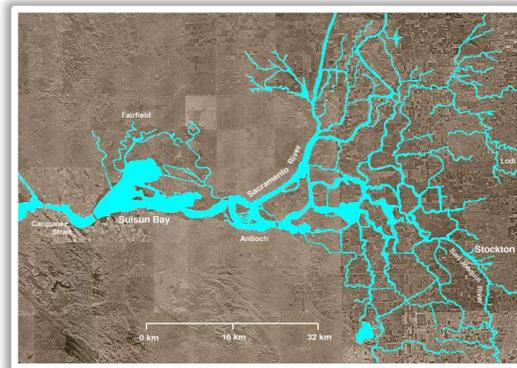

**Come learn about the environment of floodplains and the Sacramento/San Joaquin Delta for 3 days of field work and a follow up workshop. Our institute includes:**

- 2-hour canoe trip on the Cosumnes River
- Tour of DWR's Carbon Sequest. Project on Twitchell Island
- Visiting the Big Break Regional Shoreline
- A talk with naturalists at the San Joaquin National Wildlife Refuge
- Time to plan Project Wet Activities into your lessons.

**Register Here –**
