

## DWR Climate Change Team and Project WET present

### ***‘Understanding Climate Change in California’***

Climate change is having a profound impact on California water resources, as evidenced by long-term changes in snowpack, sea level, river flows and annual temperatures. Join the California Department of Water Resources Climate Change team and USGS California Water Science Center research staff for a day learning about the science of climate change, how local to Federal water managers are applying the science to safeguard California’s water supply and engineer climate resilient communities – and how the interdisciplinary activities of Project WET can help you integrate climate change science knowledge, concepts and skills back in the classroom!

Project WET (**Water Education for Teachers**) activities are designed to engage students of all ages - in formal and non-formal education settings - in the study of water through interactive simulations, use of models and reality-based scenarios. Interdisciplinary Project WET activities supplement existing curriculum and are *correlated to and reinforce practices integrated within Common Core and Next Generation Science Standards* - provide strong foundations for STEAM, Project-Based and Service Learning programs.

Participants attending this training will receive **great information on current climate science, how the science is being applied to increase the resiliency of California water systems, a copy of Project WET Guide 2.0, experiences with Project WET activities, a light breakfast, coffee and lunch, an opportunity to receive 0.8 CEU credit - and a \$50 stipend after completion of the training!**

**Saturday, September 29, 2018 (8:00 am to 4:00 pm)**

**U.S. Geological Survey,  
California Water Science Center  
4165 Spruance Road, San Diego, CA 92101**

To reserve your spot, please [click here](#) or contact Brian Brown, California Project WET Coordinator at [projectwet@watereducation.org](mailto:projectwet@watereducation.org) or (916) 444-6240 if you have questions.

**REGISTRATION WILL CLOSE FRIDAY, SEPTEMBER 21, 2018!**
