

Project WET

Water Education for **TODAY**

Project WET is an environmental education program that promotes the awareness, appreciation, knowledge, and stewardship of water resources. Improvement District No. 4's training features insight into both historical and current water challenges and opportunities and integrates hands-on activities and inquiry-based learning. The program prioritizes the implementation of Next Generation Science Standards and California's Environmental Education Principles and Concepts.

Join us for an
enriching
experience that will
enhance your
teaching toolkit!
