

# Project WET Workshop & Practicum

Sponsored by Improvement District No. 4

Free

Thursday, October 18, 2018

8:00 am to 3:00 pm at the Kern County Water Agency  
3200 Rio Mirada Drive, Bakersfield, CA 93308

*Take an exclusive tour of the Henry C. Garnett Water Purification Plant and on-site lab and talk to professionals in each stage of the process to better understand the science behind water purification.*

Project WET (Water Education for Teachers) is environmental education that promotes the awareness, appreciation, knowledge and stewardship of water resources. The training provided by Improvement District No. 4 features insight into both historical and current water challenges and opportunities and integrates hands-on activities and inquiry-based learning.

*All activities correlate to the Next Generation Science Standards.*

## The Workshop

- Participants receive the 592 page Project WET Curriculum and Activity Guide (only available through Project WET Workshops) that includes over 90 interdisciplinary activities.
- Teachers receive preassembled water education kits that they can use immediately with the students.
- Teachers gain access to the Project WET Portal where Common Core and Next Generation Science Standards are listed per grade for the Project WET activities.
- Continental breakfast and lunch is provided.
- Participants have the option to earn continuing education units.

I can't wait to use the hands-on materials.  
The workshop surpassed my expectations!"

-Project WET Participant, 2017
