

Project WET Teacher Workshop:

Water Education for Today & Tomorrow!

What You'll Learn:

- ✓ **Snag Engaging Curriculum:**
Get your hands on fun, interdisciplinary activities that turn water science into a splash-tastic learning adventure for students.
- ✓ **Educator Support:**
Scoop up training, classroom-ready goodies, and a snazzy Foundations of Water Education guide.
- ✓ **Deep Dive into Water & Climate Science:**
Tackle real-world head-scratchers like droughts, climate change, and local water shenanigans.
- ✓ **Align with Standards:**
We're all about those Common Core and NGSS vibes.
- ✓ **Level Up:**
Score some CEU credits. In need of a sub reimbursement or stipend to attend? Reach out to Education@evmwd.net for more information.
- ✓ **Inspire Action:**
Arm your students and communities with the tools to be water-whispering conservation champs!

Project WET Certified Trainers
