BRING WATER EDUCATION TO LIFE

Leave with lessons you'll use all year!

HANDS-ON WORKSHOP FOR OC EDUCATORS

Open to all K–12 Orange County educators! Spend one inspiring day exploring hands-on, NGSS-aligned activities you can take straight into your classroom. Experience lessons exactly as your students would while collaborating with peers, sharing ideas, and discovering new ways to inspire learners. Leave with a ready-to-use curriculum, classroom resources, and fresh inspiration to spark curiosity all year long.

WHAT TEACHERS ARE SAYING:

“ Love the engagement, hands-on activities and connections to our local community.

I loved engaging with the materials and discussing the various ways we can expand on the activities or change themes to fit our students' needs.
