

# Project WET

Water Education for K-12 Teachers

**NOVEMBER 21, 2019**

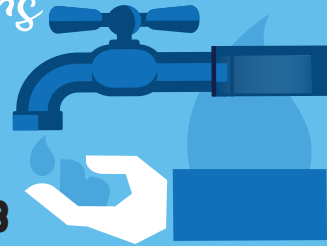

**ICOE - FLC**

**1398 SPERBER RD.**

**EL CENTRO, CA, 92243**

**8:30 AM - 3:00 PM**

**ICOE in a partnership with IID and Project WET invite you to join us for a systems thinking workshop focused on the Southwest's lifeline, the Colorado River Watershed!**

## Participants will:

- Perform watershed investigations featuring direct physical investigation of water phenomena  
Use remote sensing tools to help students acquire key 21st century success.
- Coplanning and examine STEM resources from our sponsors

**Each participant will receive: Lunch, a copy of Project WET 2.0 with access to over 110 Common Core and NGSS correlated activities!**

**Join us for an exciting journey along the Colorado Watershed, from the continental crest to the Gulf of California.**

Registration: <http://bit.ly/2lwbwYm>

**FREE  
Training  
SUB COSTS  
COVERED!**
