

Improvement District No. 4

PROJECT WET

Water Education for **TODAY**

Project WET is an environmental education program that promotes the awareness, appreciation, knowledge, and stewardship of water resources. Improvement District No. 4's training features insight into both historical and current water challenges and opportunities and integrates hands-on activities and inquiry-based learning. The program prioritizes the implementation of Next Generation Science Standards and California's Environmental Education Principles and Concepts.

NEW

Teachers will receive the new Foundations of Water Education Guide!

Thursday, February 19, 2026

**8:30 am to 3:00 pm at the
Kern County Water Agency**
3200 Rio Mirada Drive
Bakersfield, CA 93308

Take an exclusive tour of the Henry C. Garnett Water Purification Plant and on-site laboratory. Speak with professionals at each stage to gain a deeper understanding of the science behind water purification.

The Workshop

- ✓ Participants receive the new Foundations of Water Education and Water in Earth Systems Activity Guides (only available through Project WET Workshops).
- ✓ Teachers gain access to the Project WET Portal, where Common Core and Next Generation Science Standards are listed per grade for Project WET activities.
- ✓ Teachers receive pre-assembled water education kits to use immediately with students.
- ✓ Continental breakfast and lunch are provided.
