Exploring Drought in Solano County

Connecting K-12 teachers to their watershed resources

February 20, 2021
9:00am To 2:00pm

'Hands-On Water Science in a Digital World'

Teachers of all subjects are invited to join a Project WET online training featuring hands-on water lessons and activities. Complete some of the training at your own pace and participate in a virtual workshop on February 20th.

What is Project WET?

Project WET works to empower community action to resolve complex water issues worldwide.

CALIFORNIA
project WET
WATER EDUCATION TODAY

Why Attend?

- Learn how to integrate the study of land-based watershed challenges to ocean and coastal impacts in the classroom.
- Engage students with local citizen science and stewardship opportunities.
- Water resource education materials are STEM-friendly and support California Common Core and NGSS.
- Receive a copy of Project WET Guide 2.0 and an opportunity to receive CEU credit.
