

Do you know how
much **WATER** it
takes to **CREATE**
the food you eat?

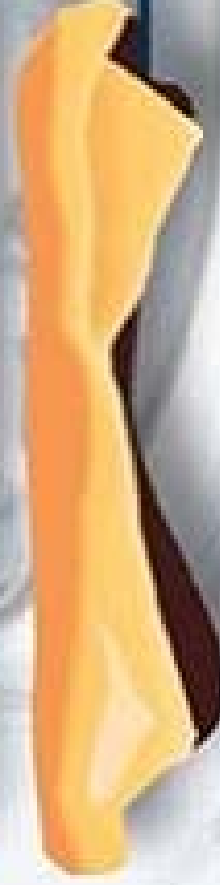

Burger bun top =
11 Gallons

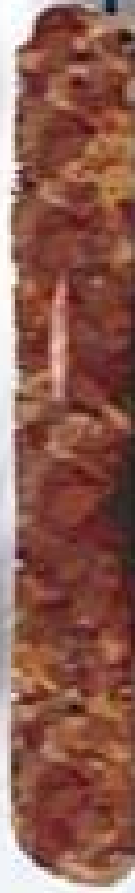

Lettuce =
1.5 Gallons

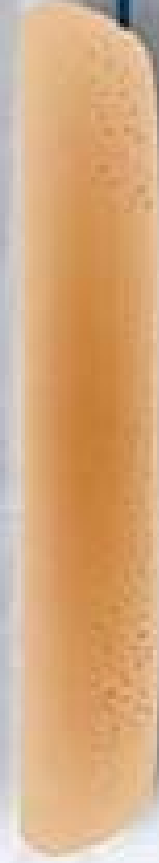

Tomato slice =
3 Gallons

Cheese slice =
56 Gallons

Meat patty =
616 Gallons (!)

Burger bun bottom =
11 Gallons

Answer: It takes **698.5 GALLONS**
of **WATER** to make a single
cheeseburger!
